Herr Surth wrote on Mon, 20 September 2010 20:0320 minutes? Thats more time than what renalpha spent on that track...

seriously renalpha, stop shitting out tracks. Thats my constructive criticism.

also, post your tracks on music forums, where people are actually able to criticize your tracks properly. You're not gonna get any better by posting your shit on renforums...

This is acceptable criticism. Random oversized smileys are not.
