Subject: Re: Renegade X - 0.55 Beta (UT3)
Posted by [NE]Fobby[GEN] on Sun, 03 Oct 2010 07:30:47 GMT

Like I mentioned in the release post, we had originally planned 0.5 to be the last beta for UT3, but 0.5 ran into some technical difficulties with the serving browsing system. So, we had to release either a patch or a new build, so we chose the latter.

We're still working on the UDK stuff, here's a quick trailer:
