Hey,

well,it seems like some1 has been running around last week using my nickname to cheat on the active Servers which are still out there in Renegade. I wanna apologize for those who have been damaged by this Action,even though its not my fault.

This is the Infos the Cheater used with my Nickname :

ID: 5188 Name: TLS-DJ-EYE-K (Spoofed Nick) IP: 87.143.157.191 Serial: 2fc7e60da3a25fc7033d3f69fb69b4ae Set: Mon Jun 20 18:51:06 EDT 2011 Expires: Never Reason: [BIATCH]: TLS-DJ-EYE-K seems to use bighead!

If u want Details of this issue,feel free to contact the Admins over @ st0rm.

From what i have been told,he was atleast @ st0rm,=DA=,Matrix and Jelly Servers. It would be nice if those admins who are aware of that Situation,would remove the Ban.
