dogtree wrote on Wed, 08 June 2011 00:31i dont understand why u need to use past tense

in my language past tense does not exist and it all work fine

i think past tense is unnecessary   who agree ?
I'm just curious: how exactly do you talk about things that have already happened without confusing them with things that are happening or will happen?

Like, if you wanted to say to someone "A bomb went off" how would you express the difference that it already happened and isn't happening as you speak?
