TheDragonJohn Shaft Jr.TheDragonwhat would y'all do if you found out an asteroid was going to hit in a week?

I would find me someone to fuck... er... love...

John Shaft Jr.Hmmmm.. its a small chance that it will happen.

But If it does happen I know what I'm going to do. I'm going to tell one of my bosses to kiss my ass and then quit. Max out my Credit Cards and throw the biggest "Earth Ended" Party ever!!!!

And I can see it now. Since nothing ever works out the way I wanted, the next day the Asteroid passes over earth. I'll Be like, "DAMN IT!!! NOTHING EVER WORKS OUT FOR ME!!!!"

that would rock... would I be invited? along with my person?

Of course. Even the President himself is invited. Hehehehe.... I will have lots of alcoholic beverages.

TheGunrunFrom this neer miss (i hope) we should learn that life is short and could end ANY POSSIBLE TIME. so value ur life and otheres around you. Also have aLOT of children so u might come back to life if one of them finds out how to bring u back to life or is so rich he/she buys you ur life back. Lets just hope ok

Yes, but what happens if you're a organ donor and you come back to life with no eyes.
