Hello guys and girls,

as we approach our next new full beta release with more maps, features, vehicles, characters and even game-modes like Domination and Coop.
We are in need of new serious testers who are regularly available.

We need to test the maps and game-modes with a minimum of 10 players at least from time to time.
So if you are a fan of our work then do not hesitate and please contact us.

What to do if you want to become a tester? Really simple stuff:
1) Please register on our website forums at http://www.mp-gaming.com
2) Please join on irc.mp-gaming.com in the channel #MP-TCW

Thanks for reading and applying for tester position

Greetz TCW Dev Team.
