I removed all personal information about anyone as soon as I was made aware of it. There's a "report this post" button for a reason. Not only did I remove it from that post, but I went through all the replies to make sure it wasn't quoted, and when it was, I removed it there, too.

Thousands of posts, thousands of users. If you see something that doesn't belong, report it. It's that simple.

I removed the thread from public viewing because of all the references to police and lawsuits. So when Wilo asked to remove it for that reason, I agreed. Now I can make sure that no one involved can edit their words away if it becomes necessary. Also, removing the thread might prevent legal issues from arising between Wilo and/or shaitan.
