Bringing up, and then insulting Jarhead's service, and Crimson's legal/business dealings have nothing at all to do with the issues at hand. It's unfair, and unnecessary. Honestly MUDKIPS, that kind of shit is what drove people to leave NS, and made them stay. Don't lower yourself to it.

Making fun of someone's service to their country is the attitude of a coward. I know people in my country's armed forces who are twenty-four karat gold, possessing an ingenuity, and intellect beyond many others' and have amounted to more in life than those who criticize them.

That being said, Jarhead's conduct towards people has been documented over the past couple years. Some of his bans are questionable at best, downright impudent at worst.

Many issues that have popped up in this thread, and others would have been resolved ages ago if NS' administration had just exercised some firm decision-making.
