Actually ACK, I think I've proved something a little more, Let's break this down a sec. In the past two days I have proven a few things about you that others may not have known.

1. Butthurt- You're still so butthurt about being banned from your old website, you've had to go and make a thread to bitch and complain.
2. Horrible Troll- You're also BY far the worst troll I think I've ever seen. You use pics from the 90's to express your feelings, that have nothing at all to do with the actual topic. Making your own group question your ability to insult or troll.
3. Shit'lock Holmes- You have tried and failed at using personal attacks to insult or provoke me. Your words are hollow and don't effect me at all, Mostly because your research is wrong. Nothing you've used to attack me, actually applies to me. So detective, don't quit your day job.
4. Your highness- You look down on others because they make less money then you. You were in the other thread making fun of people in the retail business, which is a little ironic because not long ago you, yourself were indeed working in retail. Making fun of people who work at GameStop because why? They have a job? They pay their bills and that doesn't live up to YOUR standard? I don't work at GameStop but if I did I would be proud to have a paycheck in my pocket. Many Americans right now can't even get that.
5. Attention Whore- In the past 2 days, I have not provoked you. But like a child you keep jumping around trying to get attention and reactions from people. It's taken two topics and eight pages to try to get what you want, and your still not getting it. You are that small child throwing a fit in the toy section, because your not getting what you want.
6. A Shitty Father- In the past two days you have dedicated yourself to this troll so much, that you have no time for your own daughter. This says to me one of two things. So you're either one of those parents that leave their kids playing by themselves. So you can go glue your nose to a screen and give fuck-all about what they do. Or the girl you knocked up doesn't let you spend time with her. Be a man and take your little girl to a park or something. Hell, Go play dress up, I'm sure you have no problem being in a dress.
7. Mirror mirror- You've also decided to deem me with the name Whitetrashywood. Well this is where the irony comes in again, because I'm not the one who knocked up a girl, in a car, behind a bowling ally. If you ask me that is the pure meaning of the word trashy. I have no kids yet, but you can bet your last dollar that when I do, It will be in my bed, in my home, with my wife.

I'll leave you with this quote, "Never argue with stupid people, they will drag you down to their level and then beat you with experience." ~Mark Twain. With that being said, I'm done and will be leaving here with my hands raised in victory.

P.S The Avengers are still awesome
