StealthEye wrote on Mon, 25 June 2012 12:58l actually don't think we intended to drop support for versions of windows <2000 in the API calls we use. But it seems Microsoft decided for us with VS2010. Fair enough, because I doubt there is someone other than ballstein who uses <XP for Renegade.

We didn't drop 2000 support by using VS2010; we dropped it back in scripts 3.0 by using the November 2007 DirectX SDK.
