CREDITS
Thanks to reborn for original concept

DESCRIPTION
This plugin will make a player say in team chat when they have placed a beacon and will say near what building if it's legit. This concept of the plugin uses the actual client's name with TMSG rather than the old way of a color message that non-script users couldn't see.

- PLAYERNAME: The beacon I deployed is FAKE.
- PLAYERNAME: I deployed a FAKE beacon near the BUILDINGNAME.
- PLAYERNAME: Please help DEFEND my beacon near the BUILDINGNAME!
