http://community.mp-gaming.com/index.php?board=285.0

Which i'm guessing MP-Gaming is keeping updated and what not.
http://www.renegadehelp.net/ is connected to MP-Gaming too but seems to be down (Error: "Fatal error: Call to undefined function opentable() in /home/iwarrior/public_html/renhelp/index.php on line 155")

On a sidenote, for some reason I can't connect to MP-Gaming directly. Had to use a proxy
