but the reason we play other servers is we like the modded type of game with something extra .

but if you yern for change check out the others .

not kick or ban them on the very first game for gta or th ect ..

- 1) Modded ren is terrible and no way exciting.
- 2)Change is terrible
- 3)If a person is not smart enough to realize laws of society and they start taking things that don't belong to them then they have mental issues.

But you are right about qkicking. Usually I pm a person nicely asking them not to steal tanks. I don't give into the pressure when someone rages at me to kick a noob.
you have just answerd your own gestion right there

stock ren is boring with out change things die and with poor trigger happy mods kicking or making any one new unwelcome this game is at it's end ...
