TEAM MDK wrote on Sat, 22 September 2012 18:34 if you have a problem with one mod you have a problem with all mods and staff where also the buddy asskisswanabemod group also join in or back them up .

that's not the case at Jelly, though you wouldn't know anything about that being banned and all

all you can do is assume the worst, which is exactly what you do

if Jelly were half as bad as you think it is then people wouldn't play there

you can go on believing what you want to believe, but you'll find it runs parallel to the truth - the two will never meet lol

shaitan wrote on Sat, 22 September 2012 20:20 I deleted that, because the ban evading troll(iRaN) decided to link it here.

you sure you didn't delete it because it put your community in a bad light?

you're quick to point out when another community is at fault, but when it's your own it's suddenly different

nikki6ixx wrote on Sat, 22 September 2012 21:29 Interestingly, the Jelly thread hasn't been swept under the rug, unlike RenCorner's.

Renegade Forums told me that Jelly is full of immature, corrupt people that hide their mistakes.

yes, it's quite interesting

i can't seem to understand it myself

shaitan wrote on Sat, 22 September 2012 21:51 Do shut up moron.

you don't have to get angry at nikki for simply pointing out the truth

or maybe you do, because the past has shown you have a hard time accepting it and a harder time handling it

any place that makes you an admin is foolish, at best

i do trust you to do a better job than DJ, however
