not sure if you're aware of this, but a known cheat maker and distributor's opinion doesn't matter much to me

especially when there's no reason to take it seriously

you're saying Jelly is a ticking time bomb because a player got upset at a moderator? run for the hills everyone, this place is about to blow!!!!

Ani wrote on Sun, 23 September 2012 01:46 I've told those who do shady shit to leave it at the door.

if G1D is representing you in some way, then it looks as if your own goals and views are blurred he openly wants Jelly to die, and at the same time you're saying you don't want to compete with anyone

might want to keep your dog on a leash; he's making you look bad

Ani wrote on Sun, 23 September 2012 03:04 We're stalking Jelly's forum? lol who and since when? wtf

one of your admins, shaitan

you've stuck your neck out defending him before, if i recall correctly

the guy who gets so angry at someone disagreeing with him that he threatens to kill them in real life has something to say guys!

shaitan wrote on Sun, 23 September 2012 07:05 Oh no, I highlight Sorrow's mistreatment by a bunch of morons. I must be "desperate".

not to belittle you or anything, but would you care as much if it weren't a female? the player in question insulted the moderators in the first place, so a smart-assed reply isn't so hard to believe

shaitan wrote on Sun, 23 September 2012 07:09 I'm punching in to my dead-end job now maikel. You know, the one I had when I offered to loan Jelly \$ to pay its bills with a few days ago, because I didn't want to see raven freak out.

jbe4n was out of the country on vacation

if that helps clear anything up for you

MDK and shaitard - feel free to reply to my two brick walls of text posts a few pages back - i'll have to copy/paste them for you later on
