In the end, I know I wasn't being dishonest and that is all that matters to me. You can go fuck yourself (or fuck off) if you doubt me.

You're just ignorant and blind, and there is nothing I can do to fix that. You sit in Jelly all day and yet claim to know every little single detail of how RenCorner is run.

Whats pathetic is this community. You guys will constantly attack someone until they decide to leave, and when that person/entity does leave you move onto someone else. That is what will kill Renegade.

>MFW people call me a dictator, say someone else has been running my community to the ground, then call me a liar for other people's actions
