MPF, Jelly, and RC have all been attacked by this guy. We only just started getting attacked 2 days ago, where MPF has been for weeks now.

beyond shitard just randomly nameing anyone who he dislikes.

this do,s sound like the [ wilo gate scandal ] and has all the hallmarks of the same kind of attacking method to attack all server's to cover that it maybe a server owner ? or someone linked to one server.

I wonder when that person is caught out will all of ren again kill the entire server and all it's players ? or just target that one person who is doing this maybe throu lawfull ways.

ps..wilo if your reading this I said attack shiton only not the whole of ren. or no payment
