are you serious lol of course they cheated it was fucking obvious. you'd have to be a retard to not figure it out anytime you played in there they all abused \*cheat name removed\*why do you think they intentionally made it 4v12. that sunami3 kid was the fucking worst one, blowing up your tank with his pistol and shit when you weren't paying attention.

I literally was 12 (srsly) at the time I started playing Ren in 2006, and their server happened to be one of the first I played in. So I guess you can say I'm practically retarded to not notice they were cheating the entire time.
