back when me and liquid and atro used to trash talk you, those were the days...

those were the days when you would have earned yourself a 95 year ban according to your retarded policies that change depending on the people involved. oh wait it's okay because we're admins we can tell people to hang themselves and stuff!! .. makes sense i'm pretty sure jelly would ban both of you if he knew anything that ever went on in his own community so using him as a point of reference is never really valid.
