SSGM plugin that allows you to donate or team-donate. You Can use partial nicknames with !donate!/d, and !teamdonate!/td requires you always put in an amount.

I wanted a simple ssgm only donate plugin and I couldn't find one.

[Plugins]

00=BanSystem.dll

01=Mute.dll

02=Donate.dll

[Donate]

; The donate/teamdonate wait time is set in minutes.
