Sk8rRIMuktanhm07To win, you need team work. No rambo is going to help his team win in a 32 player game lol

Rambo's just end up doing more damage than good by giveing up loads of points to the other team...

Yet there has always been the teamwork issue with Renegade.

-Sk8rRIMuk

Every online game has their Teamwork issues, Renegade has it's n00bs to add to the prob though.
