i0nuk3Majiin Vegetaheres a tip read the server rules before you do this

most servers dont allow this becuase you are exploiting a bug..

so dont blame be when you get your ass kicked

back to ref is expoiting the bug ..... but not rushing into their base with buggy and sbh(with nuke).

like to see how a buggy can get past the AGT.. behind the pp repair when your an SBH and get to the ref without anybody noticing..

real stealth like

how about you get 5 Stanks and rush the pp.. :rolleyes:
