Thats right! we now have 2 more servers, another 24 player(BCServ3) and a 32 player(BCServ5). Like all other BCServs, these will be running the DragonServ admin system and vloktboky's scripts.dll mods.
Our 2 24 player servers are hosted on a 3GHz P4 box with HT, while the 32 player is on a 2.4 P4 box. Both from good old Servermatrix.
