Battousaigay is wrong. Put all the gays on an island and in about 100 years there'll be no more gays.

Fuck you.

And to most everyone else in this thread, fuck you to.

I'm bisexual, and I didn't choose it, so shut your god damned mouths right now. You can't say that people like me choose it because I certainly don't remember getting a fucking say in what type of person I'm attracted to. Now if any of you were gay/bisexual, than you could have a say in this thread, but since none of you know what is like, fuck off.
