I think I'll try just for the hell of it, but I have one problem, I am soon upgrading my computer, actually on the 7th to be exact for my birthday even though my birthday is the 3rd, my party and present opening ETC is on the 7th. I am getting a new motherboard and other stuff for my computer, but I do not know exactly what I am getting so i do not know what type of memory it supports, so would I be able to contact you at a later date about the memory?
