haremanI work every day in making the world a safer and better place
Thank you.

I'm only 16. I'm doing about all I can at this age by not dropping out of school and becoming another welfare recipient. What do you expect me to do?

Hareman, I wasn't attacking you at all. If it seems like I did in anyway, I'm sorry. I don't know what brought this on, but I didn't do anything to insult you.
