What about your former President? Where are his... Oh yeah that's it... It's kind of hard to get when you are sitting in Canada.

Just so you know I can't find my DD214 but sure as hell know I served. John I can't believe you are going to support some fool who can't decide what side of the line to take. Kerry is a liar and a crook. When he called Bush and his party members the I think he really ment he and the Democrats.

A navy war hero. Fuck man he turned his back on those that served in Vietnam. I am having a hard time finding a Vietnam vet in the VFW that believes or supports Kerry. 99% of them do not trust him and they question his ability to lead.
