Hello

Thank you for your fast reply to my last inquiry. I can't believe you can handle all the pressure, great job. My new problem is i tried to registrar for the beta test; but i never got the confermation e-mail in the mail. so i tried to reregistar since i thought i put a wrong e-mail in. but apparently i didn't since the system recognised it.now i can't login for some reason; what to do?

thank
