Well I think u r full of bullshit Twix.

First off all you post at 8:08 and then in 60 sec. time you manage to:
1. Rethink your decision about posting it.
2. Wonder wheter or not you should edit your post
3. Actually click on edit the post.
4. Edit + Save it.

Well steps 3 and 4 should have taken those 60 sec. already. So you probably didn't have time to think about it. Unless you didn't want to see it in the first way.

What I think is that you wanted to let us talk about this pointless and non-existent thing called "m00hack"... You are just dying for attention...
(You are worse then my girlfriend...)
