Oh, well I could tell that he was joking. I pretty much figured that out because when everybody started going, 'F33R T3H M00H4X" they were saying it was so elite because it did this and this and this, but it never said anything about running away. Plus common sense leads you to see that Jaden was joking, but I could also see where him being new makes him seem n00bish and capable of being that big of a moron.
