AircraftkillerIt doesn't matter if we can write Swedish or not. What does matter is the person who wrote your tournament information is writing in poor English and is making you look unprofessional; not even amateur.

If you're going to write in a language that you barely understand, the least you can do is have a native speaker\writer translate it correctly for you and correct any mistakes.

Sure, I don't know Swedish, but I sure as hell am not going to write Swedish without knowing what the fuck I'm doing.
