This guy Begs to differ.

Here is a news report about the training camp he talks about. It talks about a Boeing 707 just sitting out in the middle of nowhere. Wasn't it a pair of 707s that were hijacked and flown into the Twin Towers?

Remember Abu Musab al-Zarqawi, the terrorist who cut off Nick Berg's head? He's been with al-Qaeda for a long time. He's also been sheltered by Saddam before. He even received medical treatment from him.

EDIT: Bah, changed the link to the news story instead of having the interview twice.
