??? I have more skill than you can ever dream of having dude. I've been in EoE since day one, if i didn't have the skill i wouldn't be there this long and if i did not have the respect i wouldn't have been promoted to HoD of the CS division. Comments like that one bashing someone like me, is the exact reason you could never and will never be in a clan as good as EoE, because you have no RESPECT or no SKILL, and are no GOOD.

:rolleyes:

If he didn't mean you, then why did he specify you? Hmm...he just got owned and then tried to make it seem that he mistook you for someone else. Only, he specified you as the person he was targeting.

If he thinks i suck, i don't really care, i'll kick his ass anyday anytime of the week and i know i don't suck just as many of people know already , a n00bs opinion is not of matter to me.

Sniping is hard, you must be up to par with the rest of our snipers all of which are some of the best of the best.

AOW i don't know because i have no involvment in it, but it would be a tad eaiser to get in than in Sniping.

So I'm guessing same goes with militaries? Hmm...with what you just said, America must be a baby-happy-go-luck military because they randomly recruit via mail.

Recruiting is done by everyone, good and bad clans alike. How else are you going to find the best of the best in the community? You're not going to know all the best players in Renegade instantly, so recruiting is a way to bring in all the talent.

On the other hand, recruiting without tryouts is a sign of a lame clan.

Oh we do try out every player that wants to become part of the clan. They may choose some of the settings such as a 1 vs 1 or playing in a larger server. Also they can choose whether it will be AOW or Snipers. Even with recruiting we more importantly watch for the talent and at the same look for people with some dedication.

What's funny is that I'm not a part of the EoE clan, but yet I still get it. Maybe it's just that your thinking is sub-par.

Their system of setting up clan matches is via their web page. That's how they operate. Many of their members frequent the EoE forums more often than these, so it makes for a prime location to set up a match. I'm also guessing that the EoE clan members have lives, so they aren't all on at the same time. Imagine that, somebody not on Renegade 24/7.

Wow he figured it out...We have lots of members they just are very busy so like to be able to tell them when we have matches. It makes life easier to balance with games.
