Hi all, im new to theses forums. Most of you probley know me as one of the webmasters of
http://www.CnC-Files.com (Silent_Killer1) . I play renegade and all the other CnC Games, known
as Hitman or [XPL]Hitman]RO[. Anyway I find this really a shame that i've been a big part of the
community and I just ran into these forums.

Anyway my site CnC-Files, is about to get multi-game support and we will need more staff. Being
the second site in the cnc community that gets the most hits. I would like to make it run smoothly.

I want to get together a select group of people to help me cover the Renegade Section and the
others if possible for some of you. Any People that want to? Please email me at
danny_mckillips2000@hotmail.com
