For those who don't know the significance of this event, it is the first privately funded and developed (government was not involved) space flight. This event will surely lead to more and bring in a new era of cheap space flight both for private and commercial uses.

For more info check out their website, <http://www.scaled.com/projects/tierone/>

thats for a contest right?

i could have gone to that but didnt want to get up that early and sit in the car for 2 hours...
