We really need to get rid of the statute that says the President can only be a U.S. citizen.

heh.. I can see it now.

"President Terminator, what are your feelings on (insert country leader here)?"

"-stated responce-"

labeled leader: "I call for war! This is an outrage"

UN leader: "Very well, all in favor of declaring war on America?"

UN vote passes 1-0 as everyone else still hasn't stopped laughing.

Arnold Schwarzenegger, or however you spell it, is doing a great job as Governor of California. He

would be a good candidate for President, as far as I can tell.

This is why all actors in the movie Predator should be run states. Arny is just a wealth of great statements, and Ventura was always fun to watch when he was Gov of MN. That leaves three more actors in that movie that need to lead states!!!

You have to admit that these people are much more fun than the normal public officials. I mean...who really knows off the top of thier head who leads Maine? But everyone knew Arnold and "The Body" when they were in charge!

Weather or not they do a good job is a whole different issue!

Shove it
Go fuck yourself
and Girley Men,

What happened to

This is a day which will live in infamy and ask not what your country can do for you, but what you

can do for your country!

They get the point across and roll off the tongue a bit more easily, too.
