When i click the picture link, a new window opens with this thread?
I dont see no picture :/

Some weird DNS shit going on over here.. :/
Yesterday some fucked up bio-chemics website showed up when visiting fanmaps site :S
And today, the old php-nuke files show up which dont even EXIST anymore on the server LOL?>>????????????

Have you tried re-patching? Maybe Always2.dat copied wrong and RenGuard saw it as a modified always2.dat file.
