Does anyone know a good site that has good skins. All the sites i've been to have like the max 20 skins and they all are something like "WOW, purple tanks for every unit! I have never seen an excellent site since CNC Ammo was up. I miss that site. I am not calling someones work crappy, lots of people might like em. I'm just picky and want realistic, unique skins.

<http://trielite.afraid.org/renegadeskins.html>

THE best resource for reticle skins, other skins there too.

thats not the best resource...

<http://www.renegadezone.com> is good for mods and skins etc

<http://www.gde-clan.com/nuke/modules.php?name=Downloads>

My clan site has a ton of files, skins, maps, and about 4-7 reticles for download(forgot actual number of reticles).
