My parents think I should start a collection, so I get a "good" hobby.

So I collect CnC Renegade concept art

Anyone know any good pictures?

Here are mine so far:

I hope you guys (and girls) can help

You're missing these three. I know there's more, though.

:rolleyes: Your parents really ment to say this

"Get your fat ass off the computer and get a hobbie that makes you do something besides press keys and look at a monitor"

Try skateboarding, or collecting baseball cards or cd's or porn or something.

They didn't object to me starting a "picture" collection.

IceDog, found some pictures (CnC Source) like the ones you linked, and the top one is messed.
