I am wondering if theres something I can download to host a server that only lets people with renguard in.I dont mean hosting a real server I mean hosting a server where if i leave..Everyone else leaves..So like i dont own a real server.
      Also im wondering if i could turn it on and off if there is a way.
                  Thanks.
                        -Cullen

wow

Download the Free Dedicated Server:

ftp://ftp.westwood.com/pub/renegade/dedicatedserver/RenegadeFDS_1037.exe

Download NightRegulator:

http://www.aohost.co.uk/NightRegulator/NightRegulator-v0.0.11.zip

Or BRenBot, http://www.brenbot.com, built by the same coders as RenGuard, also the

---

longest-running public bot in existense that's still actively upgraded.
