Cow, face it. You're a 14-year-old right-wing nutcase who thinks a good "A-rab" is a dead "A-rab". Have you actually read the Koran? The religion of Islam is a religion of peace, not war. It's the Islamic extremists, like bin Laden, whom preach that Allah wants Islam to go on a jihad against America. THE ACTIONS OF ONE MAN DO NOT REPRESENT THE FELLINGS OF ONE RACE. That's like saying all Americans are gun-toting psychos because of the two Columbine kids, or saying that all the Irish hate Britain because of the IRA.

Of course we know that these aren't true, but this little motor-mouthed fool make it seem so all like it. We are so glad that the world's most "bastardised" racist/facist, Hitler is already gone for good and we don't need another standing up just because he hates muslims to the core. You guys who supported him certainly need to go for a trip to some multi-racial society and LEARN how to live with people from other races. Peace can only be obtained through compromise, not by gunning each other down. Today you may plug 9mm through that person's head, but the next day his children might come back with an RPG to blow you into pieces. And your children may proceed to drop a MOAB on their entire race's heads just because you plugged the 9mm into him another day. The foolish war never ends. Muslims have already suffered bitter humiliation when Mr Osama Bin Laden claimed that he rammed an airplane into the twin towers. They certainly don't need more humiliation from a little know-nothing facist who claims to be a so called "anti-racist" who refuse to understand even the basic concepts of Islam. You cannot make a stand FOR YOUR REASON FOR HATING A RACE when you DON'T EVEN BLOODY UNDERSTAND THE RACE AT ALL! This isn't anti-racism at all, this is purely discrimination for your own selfish reason. Already 1500 soldiers have died in Iraq while serving their duty, and they thought that they will be remembered. No way. After a century they will be forgotten despite the courage they have displayed. Thousands of suicide bombers are already forgotten in this chaotic century although they have fought for a cause. Einstein once said, "There are two things that are infinite, the universe and human stupidity. I am not sure about human stupidity." And it is certainly true as

only stupid people listen to their politicians and fight a war. And now the current war we are waging is even more stupid because it is a war between two different ideologies! Spoonythe issue here isn't actually racism.

If someone jokes about "killing Arabs", everyone seems to focus on the second word. Why? The first one is more offensive.

By killing arabs i ment the army killing them in teh war, as in i don't care how many have to die to save our guys its worth it. Im not saying kill them for no reason at all, only if they are a threat to us, but even if they are not and a few innocent people have to die to get one big fish wel, it has to be done.

If the argument isn't backwards or ignorant, then the person who came up with it or uses that argument is. It is a very stupid thing to say.

When I say Armchair Warriors, I'm thinking of people who sit in their armchair with a beer in their hand, watching Fox and screaming support for the US and hate towards Arabs.

I thought it was fitting.

The difference is even before we invaded or did anything to them they wanted us to die. They want us to die because they see us as being inferior because of our religion and freedoms, I want them to die for one reason and one reason only, to protect us. Not their religion, not their location, nothing else. If they keep to themselves and we went over and just started killing innocent people I'd be pissed and I would not support it, but that's not the story.

Actually, from what I have researched, othodox islam supports the concept of waging war. Now, mind you I haven't looked at the ancient texts and translated them, but the religion Osama Bin Laden seems to profess to SEEMS (and I say that EXTREMELY loosely) to support his cause.

I have not read the book of Sura, so I can't correlate with definitive truth.

If I'm correct, it stems from the football term "armchair supporter", meaning someone who is supposedly devoted to the game but has never actually gone anywhere near a stadium. In this context, it would mean someone who's all for "bombing those damned terrorists, and too fucking bad if innocent human lives are lost in the process" but would never actually dream of joining the military.
