I don't like the sig too much, but the avatar is awesome.

That's exactly what I was thinking too. I love the avatar, but the signature is sub-par.

I don't think too much of either to be honest.

When apocmeda servers are back up, request for one there and we'll make you a better one.

The avatar looks ok, but I don't like the signature all that much. It seems more generic than my own.
