As you might know, Moebius is called Ignatio Mobius in Renegade. However, I feel that is not correct.

In Tiberian Dawn, he he is referred as Doctor (title) R.H Moebius.

I believe that Moebius's full name is Richard Heinrich Möbius (Moebius), after the actor who acted Moebius and the father of a mathematician in the 1800's.

It probably isn't the same person. I've heard something about the "young Doctor Moebius" which obviously isn't the grey-haired one with the volt rifle..

There were actually 2 missions I think with mobius. One where you had to destroy a nod base while keeping an village safe. And 1 mission where you had to destroy sam-sites so mobius could be safely flown away.

I'm not sure my self. Yeah he is the same bloke, but their has been 3.

1 who gave the tiberium (named after Tiberius Ceaser, and a shuttle on starwars empire or return

---

of the jedi) interveiw on tib dawn.

2 I was installing tib sun and on the instal screen it shows a younger morbius walking away from a news camera on the front of a news paper.

3 The god awful commando - was the suit bit on sp a complete rip off of Gorden freemen - scientist on renegade.

I liked the first one, his interview on one of the cut scenes of tib dawn.

Just so some forum whore wont have too.

That would be Sydney, who they invented up out of the blue.

There was no Sydney in TD, so yes, Sydney only appeared in Renegade.
