There are plenty of non-renguard servers you can play on. (Though it wouldn't surprise me if you're banned from most of them too)

I am not a spokesperson for BHS or in any way involved with Renguard (except for the fact I use it and I like it), but my opinion is this:

1. Did you pay for it?
2. Were you forced to download it?
3. If you did download it, are you forced to use it?

If you answer no to the above questions, you really shouldn't be complaining about not being able to use it.

I told him that he needed to post a public apology and that the community would decide his fate. Seeing as how he never actually succeeded in bypassing RenGuard there's no harm in unbanning him and giving a second chance... but it's up to you.

I say give him one more chance... if he is caught cheating/hacking in any way, shape or form.. ban forever.

This guy is crazy. It's like he's a 4 year old trying to beat up an Army drill sergeant.

He's no threat to anyone, so it wouldn't make a difference if he's banned or not. I'm up for unbanning.

CrimsonSeeing as how he never actually succeeded in bypassing RenGuard there's no harm in unbanning him and giving a second chance...I'd be not worried so much about what he's trying to do as how skillful he is at doing it. The fact that he got cought makes it a likely case that he's unskilled. The fact that he's still bitching about it likely proves that moreso. With that in mind, I doubt he'd be able to do any real damage if he were to be unbanned. I'm all for it.

Poll in the server owner's forum. I figure the server owners are the ultimate call on who can come in their servers.

I'd vote, but I'm not a server owner. nopic was cheating the other day, so keep him banned. He doesn't deserve to be unbanned if he tried to bypass it, got banned, and cheats in servers where !forcerg is not allowed.
