Sorry, couldn't resist

Anyway, on a more serious note, the reason the rapings of the two girls weren't "news" is because it's more common. It's also important to remember that the "news" (Especially in America) is very sensationalist.

Sad, but true.

If raping the two girls wasn't in the news, how would you all know about it?

Read the article; you people speak as if it doesn't even mention the two girls he molested, yet you

wouldn't even know he raped two girls if the article didn't mention them. They just aren't the main focus of the article since dog-rape is more bizarre than child molestation.

What do you want them to do, plaster the girls' names all over the article so they get plenty of attention they don't even want?

He is 17, i guess to young to get the death penalty.

Quote:Cory Williamson, 17, is in jail accused of raping his neighbor's dog; and is awaiting trial on charges of molesting a 3-year-old girl and the statutory rape of a 13-year-old girl.

Molesting a 3-year-old girl, it selve should give him a few good years together with his inmates. Actually his dumb face alone might make him the prisons bitch.
