That error means you should do this.

- 1.) obtain can of Wd40 and a lighter
- 2.) point nozzle of Wd40 can toward you and spray
- 3.) Light lighter and stick it in front of nozzle
- 4.) observe results.

You suck at the screenshots nopic. And my "wtf is this error" postings were a lot better.

Here's the solution to your problems, nopic.

Panda pants!!

happens i think when you quit the server really fast after typing a message

i think

i've had it a few times
