In case you hadn't read, I'm adding two new Category Moderators for the "Blackhand Studios' Products" category, and the "Technical Support" category. These moderators will be responsible for ensuring that only support occurs in these forums, instead of unhelpful bullshit, personal attacks, and pointless comments.

If you know someone on here who deserves to hold this position (even if it's yourself!), follow the instructions below to nominate that person! I will put up a poll when I feel we have enough people to vote on.

Instructions
Copy the text below and paste into a new post. Any posts not following this format will be deleted!

[b]Nominee:[/b] <name>
[b]Reason:[/b] <reason>

Example
Nominee: Crimson
Reason: She needs more work to do!

Nominee: Nightma12
Forum: Tech support forum
Reason: been playing ren for ages + have lots of experience with the RenFDS & Client

first thing i would do would be to clean up all those FDS Serials posts in the win32 forum and make a sticky about it to keep all those topics in that post!

but hey, dont listen to me! im biased

Nominee: Zunnie
Forum: tech support & BHS
Reason: works for BHS, always helpful and dousnt seem to already have the status (according to the main page)

I don't think you should be allowed to nominate yourself. That kind of defeats the purpose.

Nominee: Lijitsu
Sections: Tactics and Strategies, Clan Forum, RenGuard Network Bans(maybe not, considering he's not part of Blackhand Studios. . .)
Reason: He may be young in age, but he's "wise beyond his years," as the saying goes. I don't think he'd abuse Moderation power, but there-in lies the question of "Would he actually use it?" If so, I think he'd make a good Moderator.

Nominee: Myself
Forum: BHS Products
Reason: I already help out in IRC daily, helping people fix their problems with RG, CPs, and whatnot. Have helped with certain BHS products in the past. I'm going to assume I'm trustworthy enough . I know and get along with most of the team already, if that even matters. I know how most if not all of the products work, and have a good understanding of them, just about every possible problem imaginable comes into #bhs_support. I guess that's it..

Nominee: Nightma12 - Technical Support
Reason: He has helped me with various problems on msn messenger in a clear and clean way so i understood what i can do to fix it or make it work.

Nominee: Zunnie - Blackhand Studios' Products & Technical Support
Reason: Hes a very helpful member of the community and has posted various help and guides for us on various topics like the brenbot tutorial

Nominee: Dead6re - Blackhand Studios' Products
Reason: I try to help out with various problems on the bhs support and could get around to helping the community on the forums as well

I'd nominate myself for the mod forum, but since that's not available...

I'd like to nominate RenX for the BHS forum(s).

Nominee: nightma12
Reason: He's a very smart person , especially on renFDS and his own made program to configure ren FDS : NightRegulator
He has loads of knowledge about everything containing servers and renegade and way more wich i don't know about but im sure his knowledge doesn't end at ren and servers.

Also he is been playing ren for years now.
So my vote goes to him.

I nominate xeonteam for the BHS forums because of his commitment to combating RenGuard, and thus BHS.

It'd be just like that scene from Constantine when Neo tries to send a demon into heaven.

It'd be just like that scene from Constantine when Neo tries to send a demon into heaven. . . .wait. What? You're nominating him because he's working against Blackhand Studios? Maybe I didn't read that right. . . All five times I read it.
