I give you an F in efficiency, but an A+ in dramatic timing.

Seriously, you get an A+ in post originality, a B- for the image, and an F for claiming your the best clan, or atleast that you will become it. As far as i know, GDE is one of the best clans out there, and i have yet to see one of their members claim that its the best clan. Not that i would argue with them, ive played with a few of their members before.

It's probably because they know they aren't the best clan out there.

if by best you mean the clan that gets the most wins, that is.

and uh... I'm not trying to be mean/offending - just realistic

I hate it when people sign up purely so they can post about their clan, how many serial numbers for the Dedicated Server they have, or ask a question about something then never come back. I say you should have at least five posts under your belt before you go spitting out adverts.

Otherwise, yeah. This is one of the best-designed posts I've seen for a clan advert. Well-typed. . Clean. . . In freaking English. . . You may have gotten yourself at least one follower, if not a member.

If you're looking for the best clan, it's either FE, H2O, Fizzle or TC at clanwars.cc, or GSE on gamespy. (That's an 'S', not a 'D')

Sorry, but if you don't play clan games on a regular basis and you don't win a lot of them, you don't qualify as anywhere near the best clan. Just my opinion.

We know that we are not the best clan, that's obvious for everyone, but if you read our ad one more time you will see that we are aiming to become one of the "Greatest Renegade Clans" now greatest can mean a lot of things, it doesn't necessarily mean the best. But of course we all want to be the best

I know I'm not s'posed to be here right now(read my avatar and signature), but I'd just like to say that [One] had a nice, polite forum. Keyword, had. It's gone now. With no apparent reason, either. Oh well. Back to Guild Wars

Personally I think the best clans are those with active, friendly members, and a happy community. Playing games is about having fun, not about winning. Some people seem to forget this...

But each to their own

none taken. I don't brag because I know that there are better players and better clans than GDE and I. De7 is a better player than I, I'm not ashamed of that. I've never actually played spoony(MaidenTy) to my recollection, but seeing his strategy post he made a while back he can't be all that bad because knowing how to win is 75% of the game, doing it is the easy part.

imo, FE's best players vs GSE's best players, would probably be the craziest game ever. but id say GSE would win the majority :/
