Tommrow I am going to get a new phone after having my Nextel i736 for about a year. I just wondered what you guys new about the Sprint service and how well the phones work. I am going to get a sprint MM-8300 which is one of the top of the line phone they have out right now.

See it [http://www1.sprintpcs.com/explore/PhonesAccessories/PhoneDetails.jsp?navLocator=%7Cshop%7CphonesAccessories%7CmultimediaPhones%7C&selectSkuld=sanyomm8300&FOLDER%3C%3Efolder\\_id=1602749&CURRENT\\_USER%3C%3EATR\\_SCID=ECOMM&CURRENT\\_USER%3C%3EATR\\_PCode=None&CURRENT\\_USER%3C%3EATR\\_cartState=group&bmUID=1126834399628](http://www1.sprintpcs.com/explore/PhonesAccessories/PhoneDetails.jsp?navLocator=%7Cshop%7CphonesAccessories%7CmultimediaPhones%7C&selectSkuld=sanyomm8300&FOLDER%3C%3Efolder_id=1602749&CURRENT_USER%3C%3EATR_SCID=ECOMM&CURRENT_USER%3C%3EATR_PCode=None&CURRENT_USER%3C%3EATR_cartState=group&bmUID=1126834399628)

sprint is the largest piece of shit on the face of this earth. Their service blows, they screw you on every turn they can, they won't honor their warrenties, they over charge, their phones a garbage, and they will lie to your face. In the time I was with that complany they NEVER did anything good for me. I hated it so much that I finally coughed up the \$275 fee to break my contract. I suggest US-Cellular and get a LG phone. I have both and have been VERY happy since I left that god forsaken company.

Personally I love my LG cellphone. Verizon has been pretty good with me too. If you go with T-mobile or Cingular, you can get GSM which allows you to go to pretty much any country and still be able to use your phone. My dad has T-mobile for work and I can call him no matter where he is.

I've had 3 LG VX6000 phones in the last 16 months.. why three? cause they're a piece of shit and I have to keep getting them replaced.

I have no complaints about Verizon's service, just the phone.

I have had my new Sprint phone for about 3 hours now and no where in the area I live have I lost my service. So to this I say, forget you whores that think sprint sucks becuase they have better service than Cingular, Alltel, and Nextel in my area. Plus this Sanyo phone is built like a rock.

My earlier LG lasted 3 years without a single problem. Also I never bashed Sprint. I just said what I know.
