A person in my clan told me about a message they got through Renguard:

"D4rkFyre"http://img154.imageshack.us/my.php?image=renguard9zz.jpg

Can someone please explain what this is about?
Thank you.

[GDE]D4rkFyre

He believes this may be a mix up.

Yes, I used it because he insulted RenGuard in some server, and I saw that. So I replied.

Oh, and I think I sent it to everyone and not to this person

I hate people disrespecting RenGuard and me.

You should hear Ben on the n00bstories Renegade Alert server, then. He never clarified why he doesn't care for RenGuard, but he's made it abundantly(and repeatedly) clear he doesn't like it. XD

Re-install or make your screen resolution bigger.

Or, close RenGuard and open up RegEdit. Select HKEY_LOCAL_MACHINE\SOFTWARE\RenGuard. Change the value of "Top" to 10. Change the value of "Left" to 10. Change the value of "Bottom" to 410. Change the value of "Right" to 610.

Relaunch RenGuard. Your RenGuard window will be located at pixel coordinates x(10)y(10) (basically, the top left of your screen) and will have a width of 600 and a height of 400. It will appear and even fit in a tiny screen resolution of 640x480 just fine.

I have always used 1024x768, but probably my 2 monitor setup confused it.

I looked those up, and they were set to
top (424367)
left (424367)

I am guessing that was putting RG somewhere miles off my screen.

Anyway, thanks to Kanezor, that fixed it
